SAFETY DATA SHEET

acc. to OSHA HCS (29 CFR 1910.1200)

SECTION 1 - Identification

Product Name: Lather King Cleaner
Product Line: Campbell's
Product Code: MO-T01
Product Type: Cleaning Solution
Distributer: Morris Flamingo - Stephan, Inc.
Tampa, FL. 33610
1-800-637-1996
www.morrisflamingo.com/
Manufacturer: Pro Skin Solutions, Inc. d/b/a Active Cosmetics Manufacturing
7075 Kingspointe Parkway, Suite 2, 3, 4 and 5, Orlando, FL 32819
Emergency Telephone Number: 407-996-9797
24-Hour Spill Response: Call CHEMTREC 1-800-424-9300

SECTION 2 - Hazard(s) Identification

"Consumer Products", as defined by the US Consumer Product Safety Act and which are used as intended (typical consumer duration and frequency), are exempt from the OSHA Hazard Communication Standard (29 CFR 1910.1200). This SDS is being provided as courtesy to help assist in the safe handling and proper use of the product.

This product is classified under 29CFR 1910.1200(d) as follows:

Classification of the substance or mixture: Flammable Liquids, Category 2
Signal Word: Danger
Hazard Statement: Highly flammable liquid and vapor. Causes serious eye irritation.
Precautionary Statements:
General: Read label before use. Keep out of reach of children.
Prevention: Wear protective gloves. Wear eye or face protection. Keep away from heat, sparks, open flames and hot surfaces. - No smoking. Take precautionary measures against static discharge. Keep container tightly closed. Use and store only outdoors or in a well ventilated place. Avoid breathing vapor. Wash hands thoroughly after handling.
Response: IF IN EYES, rinse cautiously with water for several minutes. Remove contact lenses, if present and easy to do. Continue rinsing. If eye irritation persist: Get medical advice/attention.
IF ON SKIN (or hair): Take off immediately all contaminated clothing. Rinse skin with water or shower.
Storage: Store in a well-ventilated place. Keep cool
Disposal: Dispose of contents and container in accordance with all local, regional, national and international regulations.

SECTION 3 - Composition/Information on Ingredients

Chemical characterization: Mixtures
Other means of identification: Denatured Alcohol; Alcohol SDA 40B

Chemical Name	CAS #	% by Weight
Alcohol Denat	64-17-5	*

Ingredients: The identity of the specific components of this mixture is proprietary information and is regarded to be a trade secret, in accordance with Paragraph 1910.1200 of Title 29 of the Code of Federal Regulations. For an accurate listing of ingredients in each product, please refer to product packaging.

SECTION 4 - First-Aid Measures

Eye Contact: Rinse immediately with plenty of water, also under eyelids, for 15 minutes. Get medical attention if irritation persists.

Skin Contact: Flush contaminated skin with plenty of water. Remove contaminated clothing and shoes. Get medical attention if symptoms occur. Wash clothing before reuse. Clean shoes thoroughly before reuse.

Inhalation: Remove victim to fresh air and keep at rest in a position comfortable for breathing. Get medical attention if adverse health effects persist or are severe.

Ingestion: Rinse mouth with water. Seek medical attention immediately. DO NOT induce vomiting unless instructed by a qualified health professional.

Most important symptoms or effects, acute and delayed: Headache. Severe eye irritation. Symptoms may include stinging, tearing, redness, swelling, and blurred vision. Coughing.

Indication of immediate medical attention and special treatment needed: Provide general supportive measures and treat symptomatically. Thermal burns: Flush with water immediately. While flushing, remove clothes which do not adhere to affected area. Call an ambulance. Continue flushing during transport to hospital. Keep victim under observation. Symptoms may be delayed.

General information: Take off all contaminated clothing immediately. Ensure that medical personnel are aware of the material(s) involved, and take precautions to protect themselves. Wash contaminated clothing before reuse.

SECTION 5 - Fire-Fighting Measures

Suitable extinguishing media: Water fog. Alcohol resistant foam. Carbon dioxide (CO2). Dry chemical powder, carbon dioxide, sand or earth may be used for small fires only.

Unsuitable extinguishing media Do not use water jet as an extinguisher, as this will spread the fire.

Specific hazards arising from the chemical: Vapors may form explosive mixtures with air. Vapors may travel considerable distance to a source of ignition and flash back. This product is a poor conductor of electricity and can became electrostatically charged. If sufficient charge is accumulated, ignition of flammable mixtures can occur. To reduce potential for static discharge, use proper bonding and grounded containers. Static electricity accumulation may be significantly increased by the presence of small quantities of water or other contaminants. Material will float and may ignite on surface of water. During fire, gases hazardous to health may be formed.

Special protective equipment and precautions for firefighters: Self-contained breathing apparatus and full protective clothing must be worn in case of fire.

Fire fighting equipment/instructions: In case of fire and/or explosion do not breathe fumes. Move containers from fire area if you can do so without risk.

Specific methods: Use standard firefighting procedures and consider the hazards of others involved materials.

General fire hazards: Highly flammable liquid and vapor.

SECTION 6 - Accidental Release Measures

Personal precautions, protective equipment and emergency procedures: Keep unnecessary personnel away. Keep people away from and upwind of spill/leak. Eliminate all ignition sources (no smoking, flares, sparks, or flames in immediate area). Ventilate closed spaces before entering them.

Methods and materials for containment and cleaning up: Eliminate all ignition sources (no smoking, flares, sparks or flames in immediate area). Keep combustibles (wood, paper, oil, etc..) away from spilled material. Take precautionary measures against static discharge. Use only non-sparkling tools. Prevent entry into waterways, sewer, basements or confined areas.

Large Spills: Stop the flow of material, if this is without risk. Dike the spilled material, where this is possible. Use a non-combustible material like vermiculite, sand or earth to soak up the product and place into a container for later disposal. Following product recovery, flush area with water.

Small Spills: Absorb with earth, sand or other non-combustible material and transfer to containers for later disposal. Wipe up with absorbent material (e.g. cloth, fleece). Clean surface thoroughly to remove residual contamination.

Environmental precautions: Avoid discharge into drains, water courses or onto the ground. Use appropriate containment to avoid environmental contamination.

SECTION 7 - Accidental Release Measures

Precautions for Safe Handling: Do not handle, store or open near an open flame, sources of heat or sources of ignition. Protect material from direct sunlight. When using do not smoke. Explosion-proof general and local exhaust ventilation. Minimize fire risks from flammable and combustible materials (including combustible dust and static accumulating liquids) or dangerous reactions with incompatible materials. Take precautionary measures against static discharges.

Condition for Safe Storage: Keep away from heat, sparks and open flame. Prevent electrostatic charge build-up by using common bonding and grounding techniques. Eliminate sources of ignition. Avoid spark promoters. Store in a cool, dry place out of direct sunlight. Store in a well-ventilated place. Keep in an area equipped with sprinkles.

SECTION 8 - Exposure Controls/Personal Protection

Exposure Guidelines: Exposure guidelines are not relevant when product is used as intended in a household setting.

Personal Protective Equipment

Respiratory Protection: No special protective equipment required.
Eye Protection: No special protective equipment required.
Skin Protection: No special protective equipment required.

SECTION 9 - Physical and Chemical Properties

Appearance: Liquid
pH: 6.5 - 7.5
Odor: Alcohol
Density: Not available
Boiling Point: Not available
Melting Point: Not available
Flashpoint & Method: Not available
Autoignition Temperature: 685.24 °F (362.91 °C) estimated

SECTION 10 - Stability and Reactivity

Chemical Stability: Stable under normal conditions.
Reactivity: The product is stable and non-reactive under normal conditions of use, storage and transport.
Incompatible Materials: Strong oxidizing agents.
Polymerization: Will not occur
Hazardous decomposition products: No hazardous decomposition products are known.

SECTION 11 - Toxicological Information

Ingestion: Expected to be a low ingestion hazard.
Inhalation: Prolonged inhalation may be harmful.
Skin contact: No adverse effects due to skin contact are expected.
Eye contact: Causes serious eye irritation.
Symptoms related to the physical, chemical and toxicological characteristics: Headache. Severe eye irritation. Symptoms may include stinging, tearing, redness, swelling, and blurred vision. Coughing.
Carcinogenicity This product is not considered to be a carcinogen by ARC, ACGIH, NTP, OR OSHA.

SECTIONS 12 - Ecological Information

Comment: None
Ecotoxicity: The environmental impact of this product has not been determined.

SECTIONS 13 - Disposal Consideration

Waste Treatment Methods: Observe all federal, state and local regulations when disposing of this substance.

SECTION 14 - Transport Information

Not classified by DOT, IATA, or IMDG

UN number: UN 1170
UN proper shipping name: Ethanol Solutions or Ethyl Alcohol Solutions
Transport hazard class(es): 3

Packing group: II
Environmental hazards: None known
Transportation in bulk according to Annex II of MARPOL73/78 and the IBC Code:
Not available

SECTION 15 - Regulatory Information

EC Regulations: Not available
EC Classifications: Not available
Hazard Symbols: Not available
Risk Phrases: Not available
Safety Phrases: Not available
Chemical Safety Assessment: No chemical safety assessment has been carried out for this mixture by the supplier.

SECTION 16 - Other Information

SDS Generated: 11/2/2016
Revision Date: 8/23/2018
SDS Prepared by: Quality Assurance
Other Information: For external use only. Use only as directed. Discontinue use immediately if irritation develops.
Disclaimer: The information contained herein is, to the best of our knowledge and belief, accurate and reliable as of the date issued. We do not however, warrant or guarantee the accuracy or reliability, nor shall we be liable for any loss or damage arising out of the use thereof. The information is offered for the user's consideration and examination, and it is the user's responsibility to satisfy himself that it is suitable and complete for his/her particular use.

End of SDS

SAFETY DATA SHEET

acc. to OSHA HCS (29 CFR 1910.1200)

SECTION 1 - Identification

Product Name: Liquid Shave Cream
Product Line: Campbell's
Product Code: MO-S02
Product Type: Finished Product - Skin Care
Recommended Use: Personal Skin Care Product
Distributer: Morris Flamingo - Stephan, Inc.
4829 East 7th Avenue
Tampa, FL. 33605
1-800-637-1996
www.morrisflamingo.com/
Manufacturer: Pro Skin Solutions d/b/a Active Cosmetics Manufacturing
7075 Kingspointe Parkway, Suite 2, 3, 4 and 5, Orlando, FL 32819
Emergency Telephone Number: 407-996-9797
24-Hour Spill Response: Call CHEMTREC 1-800-424-9300

SECTION 2 - Hazard(s) Identification

"Consumer Products", as defined by the US Consumer Product Safety Act and which are used as intended (typical consumer duration and frequency), are exempt from the OSHA Hazard Communication Standard (29 CFR 1910.1200). This SDS is being provided as courtesy to help assist in the safe handling and proper use of the product.

This product is classified under 29CFR 1910.1200(d) as follows:

Classification of the substance or mixture: Eye Irritation, Category 2B
Signal Word: Warning
Hazard Statement: Causes eye irritation
Hazard Pictograms: None
Precautionary Statement(s) Response: IF IN EYES, rinse cautiously with water for several minutes. Remove contact lenses, if present and easy to do. Continue rinsing. If eye irritation persist: Get medical advice/attention.
Storage: Not Applicable
Disposal: Observe all federal, state and local regulations when disposing of this substance.

SECTION 3 - Composition/Information on Ingredients

Chemical characterization: Mixtures

Chemical Name	CAS #	% by Weight
Potassium Hydroxide	1310-58-3	*

Ingredients: The identity of the specific components of this mixture is proprietary information and is regarded to be a trade secret, in accordance with Paragraph 1910.1200 of Title 29 of the Code of Federal Regulations. Ingredient list can be found in every bottle which contains this product.

SECTION 4 - First-Aid Measures

Eye Contact: Rinse immediately with plenty of water, also under eyelids, for 15 minutes. Get medical attention if irritation persists.
Skin Contact: None anticipated to be needed. Product is a personal care product intended for use on skin. In the unlikely event of an allergic skin reaction, wash with soap and water. If symptoms persist call a physician.
Inhalation: None under normal use.
Ingestion: None anticipated to be needed. Not a foreseeable route of exposure. Should such an event occur, rinse mouth with water and afterwards drink plenty of water or milk. Do NOT induce vomiting.

SECTION 5 - Fire-Fighting Measures

Fire & Explosion Hazards: When involved in a fire, this product may decompose to form toxic gases (e.g., CO, CO2, and NOx).
Extinguishing Methods: Water Fog, Foam, Dry Chemical, CO2.
Firefighting Procedures: As in any fire, wear MSHA/NIOSH approved self-contained breathing apparatus (pressure-demand) and full protective gear. Keep containers cool until well after the fire is out. Use water spray to cool fire-exposed surfaces and to protect personal. Fight fire upwind. Prevent runoff from fire control or dilution from entering sewers, drains, drinking water supply, or any natural waterway. Firefighters must use full bunker gear including NIOSH-approved positive pressure self-contained breathing apparatus to protect against potential hazardous combustion or decomposition products and oxygen deficiencies.

SECTION 6 - Accidental Release Measures

Personal Precautions: None under normal use conditions.
Advice for Emergency Responders: Use personal protective equipment as required.
Methods for containment: No information available.
Methods for cleaning up: No information available.

SECTION 7 - Accidental Release Measures

Precautions for Safe Handling: Handle in accordance with good industrial hygiene and safety practice.
Condition for Safe Storage: Not required

SECTION 8 - Exposure Controls/Personal Protection

Exposure Guidelines: Exposure guidelines are not relevant when product is used as intended in a household setting.
Personal Protective Equipment
Respiratory Protection: No special protective equipment required.
Eye Protection: No special protective equipment required.
Skin Protection: No special protective equipment required.

SECTION 9 - Physical and Chemical Properties

Appearance: Viscous Liquid
pH: 9.5 - 10.5
Odor: Characteristic
Density: Not available
Boiling Point: Not available
Melting Point: Not available
Flashpoint & Method: Not available
Autoignition Temperature: Not available

SECTION 10 - Stability and Reactivity

Chemical Stability: Stable under normal conditions.
Incompatible Materials: None in particular.
Polymerization: Hazardous polymerization does not occur.
Hazardous Reactions: None under normal processing.

SECTION 11 - Toxicological Information

Oral LD50: Not available
Dermal LD50: Not available
Inhalation LD50: Not available
Skin: No known effect.
Eye: Avoid contact with eyes. Irritating to eyes.
Carcinogenicity: Not available
Toxicological Info: Not available

SECTIONS 12 - Ecological Information

Comment: None
Ecotoxicity: The environmental impact of this product has not been determined.

SECTIONS 13 - Disposal Consideration

Waste Treatment Methods: Observe all federal, state and local regulations when disposing of this substance.

SECTION 14 - Transport Information

Not classified by DOT, IATA, or IMDG

UN number: None
UN proper shipping name: None
Transport hazard class(es): None
Packing group: Not available
Environmental hazards: None known
Transportation in bulk according to Annex II of MARPOL73/78 and the IBC Code: Not available

SECTION 15 - Regulatory Information

EC Regulations: Not available
EC Classifications: Not available
Hazard Symbols: Not available
Risk Phrases: Not available
Safety Phrases: Not available
Chemical Safety Assessment: No chemical safety assessment has been carried out for this mixture by the supplier.

SECTION 16 - Other Information

SDS Generated: 5/10/2016
Revision Date: 8/23/2018
SDS Prepared by: Quality Assurance
Other Information: For external use only. Use only as directed. Discontinue use immediately if irritation develops.
Disclaimer: The information contained herein is, to the best of our knowledge and belief, accurate and reliable as of the date issued. We do not however, warrant or guarantee the accuracy or reliability, nor shall we be liable for any loss or damage arising out of the use thereof. The information is offered for the user's consideration and examination, and it is the user's responsibility to satisfy himself that it is suitable and complete for his/her particular use.
