Oomph Hair LLC
19 Forest Rd. SALISBURY BCH, MA 01952. USA

Safety Data Sheet

1. IDENTIFICATION OF THE SUBSTANCE/PREPARATION AND OF THE COMPANY/UNDERTAKING

Product Identifier

Product Name **ILBAB Brown Hair and Beard Dye (Semi-Permanent)**

Other Means of Identification

Synonyms Brown Hair and Beard Dye

Size 2 fl oz

Recommended use of the chemical and restrictions on use

Recommended Use Semi-permanent color enhancement for hair and beards. Pre-mixed for professional airbrush application; no dilution required.

Uses Advised Against Do not use in or near the eyes. Uses other than those recommended.

Details of The Supplier of the Safety Data Sheet

Supplier Name **Oomph Hair LLC**

Supplier Address **19 Forest Rd. SALISBURY BCH, MA 01952. USA**

Supplier Phone Number Phone: 978-645-1113

Emergency Telephone Number:

Company Emergency Phone: 1-978-645-1113

2. HAZARDS IDENTIFICATION

Classification

This product is classified in accordance with the OSHA Hazard Communication Standard (29 CFR 1910.1200) as an eye irritant.

GHS Label Elements, Including Precautionary Statements

Emergency Overview

Signal word: Warning

Hazard Statements

Eyes: May cause eye irritation.

Appearance: Brown liquid **Physical state: Liquid** **Odor: Fragrance**

Precautionary Statements

Prevention: Avoid contact with eyes. Wash hands after handling. Wear protective gloves to prevent staining of skin.

Response: IF IN EYES: Rinse cautiously with water for several minutes. Remove contact lenses, if present and easy to do. Continue rinsing. If eye irritation persists, get medical attention.

Storage: Store in a closed container at room temperature.

Disposal: Dispose of contents/container in accordance with local regulations.

Unknown Toxicity: None

Other information: Product stains skin, clothing, and surfaces. Contains DMDM Hydantoin, a preservative that releases small amounts of formaldehyde; may cause an allergic skin reaction in individuals sensitive to formaldehyde.

Interactions with Other Chemicals: Do not apply alcohol to enhanced areas (removes color). Do not mix with other products.

3. COMPOSITION/INFORMATION ON INGREDIENTS

Chemical name	CAS No	Weight-%	Trade Secret
Water (Aqua)	7732-18-5	*	*
Propylene Glycol	57-55-6	*	*
Polyquaternium-6	26062-79-3	*	*
Quaternium-80	134737-05-6	*	*

4. FIRST AID MEASURES

First Aid Measures

Eye Contact If in eyes, immediately flush with gentle but large stream of water for 15 minutes, lifting upper and lower eyelids occasionally. Remove contact lenses if present and easy to do. Get medical attention if irritation develops or persists.

Skin Contact If on unintended skin, wash affected area with soap and water. Product may temporarily stain skin. If itching, redness, or rash develops, discontinue use and seek medical attention.

Inhalation If spray mist is inhaled and irritation occurs, move to fresh air. Get medical attention if symptoms persist.

Ingestion If swallowed, rinse mouth with water. Do not induce vomiting. Call a physician or Poison Control Center (1-800-222-1222).

Most Important Symptoms and Effects, Both Acute and Delayed

Most Important Symptoms and Effects Eye irritation. Temporary staining of skin. Possible allergic skin reaction in sensitized individuals.

Indication of Any Immediate Medical Attention And Special Treatment Needed

Notes to Physician Treat symptomatically.

5. FIRE-FIGHTING MEASURES

Suitable Extinguishing Media

Water-based product; not expected to burn. In case of surrounding fire, use extinguishing measures appropriate to local circumstances and the surrounding environment.

Unsuitable Extinguishing Media

None known.

Specific Hazards Arising from The Chemical

No information available.

Hazardous Combustion Products

May emit toxic fumes of carbon monoxide, carbon dioxide, and nitrogen oxides under fire conditions.

Explosion Data

Sensitivity to Mechanical Impact No.

Sensitivity to Static Discharge No.

Protective Equipment and Precautions for Firefighters

As in any fire, wear self-contained breathing apparatus pressure-demand, MSHA/NIOSH (approved or equivalent) and full protective gear.

6. ACCIDENTAL RELEASE MEASURES

Personal Precautions, Protective Equipment and Emergency Procedures

Personal Precautions Avoid contact with eyes. Wear gloves to avoid staining skin.

Environmental Precautions Refer to protective measures listed in Sections 7 and 8. Do not allow large quantities to enter drains or waterways.

Methods and Material for Containment and Cleaning Up

Methods for Containment Prevent further leakage or spillage if safe to do so.

Methods for Cleaning Up Product will stain surfaces, fabrics, and skin. Wipe up promptly with absorbent material and clean the area with soap and water. Dispose of absorbent material in accordance with local regulations.

7. HANDLING AND STORAGE

Precautions for Safe Handling

Handling Handle in accordance with good industrial hygiene and safety practice. Shake well before using. Avoid contact with eyes. Use airbrush in a well-ventilated area. Wear gloves to avoid staining hands.

Conditions for Safe Storage, Including Any Incompatibilities

Storage Keep container tightly closed. Avoid temperature extremes during storage; ambient temperature preferred. Store away from excessive heat and direct sunlight. Protect from freezing.

Incompatible Products Strong oxidizing agents (e.g., bleach, peroxide developers). Do not mix with other products.

8. EXPOSURE CONTROLS/PERSONAL PROTECTION

Control Parameters

Exposure Guidelines This product, as supplied, does not contain any components with OSHA Permissible Exposure Limits (PELs) or ACGIH Threshold Limit Values (TLVs).

Appropriate Engineering Controls

Engineering Measures Eyewash stations
General room ventilation sufficient to disperse airbrush mist

Individual Protection Measures, Such as Personal Protective Equipment

Eye/face protection Avoid spraying toward the eyes. Safety glasses recommended if splashing is likely during filling or cleaning of airbrush equipment.

Skin and body protection Protective gloves (e.g., nitrile) recommended for the applicator to prevent staining. Protect clothing from overspray.

Respiratory protection No protective equipment is needed under normal use conditions with adequate ventilation. If irritation is experienced, increase ventilation.

Hygiene Measures Handle in accordance with good industrial hygiene and safety practice. Wash hands after handling.

9. PHYSICAL AND CHEMICAL PROPERTIES

Physical and Chemical Properties

Physical state Liquid
Appearance Brown liquid
Color Brown
Odor Fragrance
Odor Threshold No information available

Property	Values	Remarks	Method
pH	No data available	None known	
Melting / freezing point	No data available	None known	
Boiling point / boiling range	No data available	None known	
Flash Point	No data available	None known	
Evaporation Rate	No data available	None known	
Flammability (solid, gas)	Not applicable (liquid)		
Flammability	Not expected to be flammable (water-based)		
Upper flammability limit	No data available		
Lower flammability limit	No data available		
Vapor pressure	No data available	None known	
Vapor density	No data available	None known	
Specific Gravity	No data available	None known	
Water Solubility	Soluble	None known	
Solubility in other solvents	No data available	None known	
Partition coefficient: n-octanol/water	No data available	None known	
Autoignition temperature	No data available	None known	
Decomposition temperature	No data available	None known	
Viscosity	No data available	None known	
Explosive properties	No data available		
Oxidizing properties	No data available		

Other Information

Softening Point No data available
VOC Content (%) No data available
Particle Size No data available

10. STABILITY AND REACTIVITY

Reactivity
No data available.

Chemical Stability
Stable under recommended storage conditions.

Possibility of Hazardous Reactions
None under normal processing.

Hazardous Polymerization
Hazardous polymerization does not occur.

Conditions to Avoid
Extreme heat, freezing, and direct sunlight.

Incompatible Materials
Strong oxidizing agents. Do not mix with other products.

Hazardous Decomposition Products
Combustion produces carbon monoxide, carbon dioxide, and nitrogen oxides. DMDM Hydantoin may release formaldehyde on decomposition.

11. TOXICOLOGICAL INFORMATION

Information On Likely Routes of Exposure

Product Information

Inhalation	Minimal irritation, if any, from airbrush mist with adequate ventilation.
Eye contact	May cause eye irritation.
Skin contact	Minimal irritation expected. Temporarily stains skin. May cause allergic reaction in sensitized individuals.
Ingestion	Not an intended route of exposure. May cause gastrointestinal upset.
Component Information	No information available

Information On Toxicological Effects

Symptoms	Eye redness, tearing, or irritation. Skin redness or itching in sensitive individuals.

Delayed and Immediate Effects as Well as Chronic Effects from Short and Long-Term Exposure

Sensitization	Contains DMDM Hydantoin, a formaldehyde-releasing preservative. May cause an allergic skin reaction in individuals sensitive to formaldehyde.
Mutagenic Effects	No information available.
Carcinogenicity	No ingredient is listed as a carcinogen by IARC, NTP, or OSHA. See Sensitization regarding DMDM Hydantoin.
Reproductive Toxicity	No information available.
STOT - single exposure	No information available.
STOT - repeated exposure	No information available.
Chronic Toxicity	No known effect based on information supplied.
Target Organ Effects	Eyes, skin.
Aspiration Hazard	No information available.

Numerical Measures of Toxicity Product Information
The following values are calculated based on chapter 3.1 of the GHS document: Not applicable

12. ECOLOGICAL INFORMATION

Ecotoxicity
No data available for the product. Some dye components may be harmful to aquatic life; avoid release of large quantities to the environment.

Persistence and Degradability
No data available.

Bioaccumulation
Bioaccumulation potential is expected to be low.

Other Adverse Effects
Low mobility is expected in soil.

13. DISPOSAL CONSIDERATIONS

Waste Treatment Methods

Disposal Methods This material, as supplied, is not a hazardous waste according to Federal regulations (40 CFR 261). This material could become a hazardous waste if it is mixed with or otherwise comes in contact with a hazardous waste, if chemical additions are made to this material, or if the material is processed or otherwise altered. Consult 40 CFR 261 to determine whether the altered material is a hazardous waste. Consult the appropriate state, regional, or local regulations for additional requirements.

Contaminated Packaging Dispose of contents/containers in accordance with local regulations.

14. TRANSPORT INFORMATION

DOT	NOT REGULATED
Proper Shipping Name	N/A
Hazard Class	N/A
TDG	Not regulated
MEX	Not regulated
ICAO	Not regulated
IATA	Not regulated
IMDG/IMO	Not regulated
RID	Not regulated
ADR	Not regulated
ADN	Not regulated

15. REGULATORY INFORMATION

International Inventories

TSCA	Complies
DSL	All components are listed either on the DSL or NDSL.

TSCA - United States Toxic Substances Control Act Section 8(b) Inventory
DSL/NDSL - Canadian Domestic Substances List/Non-Domestic Substances List

US Federal Regulations

SARA 313

Section 313 of Title III of the Superfund Amendments and Reauthorization Act of 1986 (SARA). This product does not contain any chemicals which are subject to the reporting requirements of the Act and Title 40 of the Code of Federal Regulations, Part 372.

SARA 311/312 Hazard Categories

Acute Health Hazard	No
Chronic Health Hazard	No
Fire Hazard	No
Sudden release of pressure hazard	No
Reactive Hazard	No

CWA (Clean Water Act)

This product does not contain any substances regulated as pollutants pursuant to the Clean Water Act (40 CFR 122.21 and 40 CFR 122.42).

CERCLA

This material, as supplied, does not contain any substances regulated as hazardous substances under the Comprehensive Environmental Response Compensation and Liability Act (CERCLA) (40 CFR 302) or the Superfund Amendments and Reauthorization Act (SARA) (40 CFR 355). There may be specific reporting requirements at the local, regional, or state level pertaining to releases of this material.

US State Regulations

California Proposition 65

This product does not contain any intentionally added Proposition 65 chemicals. DMDM Hydantoin may release trace amounts of formaldehyde (gas), which is a listed chemical.

U.S. State Right-to-Know Regulations

Consult state Right-to-Know substance lists (New Jersey, Massachusetts, Pennsylvania, Rhode Island, Illinois) for any additional requirements.

International Regulations

Canada WHMIS Hazard Class Not determined

16. OTHER INFORMATION

HMIS	Health Hazards: 0 Flammability: 0 Physical Hazard: 0 Personal Protection: B (safety glasses, gloves)
Issue Date	09/28/2026
Revision Note	Original issue.

Abbreviations and acronyms:

pH - relates to hydrogen ion concentration using a scale of 0 (high acidic) to 14 (highly alkaline)
ADR: European Agreement concerning the International Carriage of Dangerous Goods by Road
IMDG: International Maritime Code for Dangerous Goods
DOT: US Department of Transportation
IATA: International Air Transport Association
CAS: Chemical Abstracts Service (division of the American Chemical Society)
CI: Colour Index
OSHA: Occupational Safety & Health Administration
